BeHealthy Partnership Provider Directory

Access to quality care, close to home

We work with many local health care providers and hospitals. We review our in-plan providers every two years. That way, we make sure they meet our quality standards.

The Table of Contents shows the date this directory was printed. Sometimes, new providers join the plan, and current providers leave. As a result, this Provider Directory may be out-of-date. For the most up-to-date listing of providers, go to behealthypartnership.org.

The BeHealthy Partnership Provider Directory is available in Spanish. Translation services are available for other languages. Audio and larger font size formats of the Provider Directory are also available. Contact BeHealthy Partnership's Member Services Department at 413.788.0123 or 800.786.9999 for more information. TTY users should call 711. A representative will be available to speak with you Monday through Friday from 8 a.m. to 6 p.m.

To learn about the BeHealthy Partnership and your other health plan options, call the MassHealth Customer Service Center at: 800.841.2900 (TDD/TTY: 800.497.4648) Monday through Friday, 8 a.m. to 6 p.m.

For questions about your health care call BeHealthy Partnership's Member Services at 800.786.9999 (TTY: 711 for people with partial or total hearing loss), Monday to Friday from 8 a.m. to 6 p.m.

Or, visit behealthypartnership.org.

For questions about your Behavioral Health (mental health and substance abuse) care call MBHP at 800.495.0086 (TTY: 617.790.4130 for people with partial or total hearing loss) 24 hours a day, 7 days a week.

Or, visit masspartnership.com.

HOW TO USE THIS DIRECTORY

This Provider Directory describes doctors, hospitals, and other healthcare providers who participate in the BeHealthy Partnership. We call these In-Plan Providers.

How We List In-Plan Providers

This Provider Directory lists:

Statewide Emergency Rooms and Emergency Service Program (ESP) Providers that provide emergency medical and behavioral health care, 24 hours a day, 7 days a week. If you need to access emergency care, these hospitals and Emergency Service Program (ESP) Providers, for behavioral health emergencies, are available for you to use. You can go to any hospital or contact any Emergency Service Program (ESP) Provider listed for emergency care without a referral.

In-Plan Hospitals on the pages headed “Hospitals in Network.”

Primary Care Providers (PCPs) are listed alphabetically by specialty and then alphabetically by the city or town where they practice. PCPs are doctors or nurse practitioners who specialize in internal medicine, family practice or pediatrics. Internal medicine specialists treat adults. Pediatricians treat children and adolescents. Family practice specialists treat patients of all ages. Your primary care provider (PCP) provides and coordinates your care. You may call your PCP 24 hours a day, 7 days a week. If your PCP is not available, another healthcare provider will help you.

Specialists are listed alphabetically by specialty and then alphabetically by the city or town where they practice. You do not need a referral to see a participating specialist. But, it makes good health sense to ask your PCP to coordinate any specialty care you may need.

Ancillary Providers are listed alphabetically by specialty and then alphabetically by the city or town where they are located, then by the type of service they provide. Ancillary providers provide services for members needing care over and above PCP or specialist services, outside of an acute hospital setting. Some examples of ancillary services are laboratory, radiology, dialysis, durable medical equipment and physical therapy. See the Covered Services List that came with your Member Handbook for ancillary services that need prior approval. Call our Member Services Department if you have any questions.

Behavioral Health (mental health and substance abuse) Providers are listed alphabetically by the type of service they provide, then alphabetically by the city or town where they practice. The listing for Behavioral Health Providers also includes qualifications and licensing information, and special experience, skills, and training (e.g., trauma, child welfare, substance abuse).

Pharmacies are listed alphabetically by the city or town in which they are located. There is also an alphabetic list of Pharmacy chains.

Languages spoken in addition to English. This section includes PCPs and specialists and is arranged alphabetically by languages spoken. The listings include each provider’s specialty. For chiropractors and behavioral health providers, languages spoken in addition to English are included in the listing for the provider.

For questions about your health care call BeHealthy Partnership’s Member Services at 800.786.9999 (TTY: 711 for people with partial or total hearing loss), Monday to Friday from 8 a.m. to 6 p.m.

Or, visit behealthypartnership.org.

For questions about your Behavioral Health (mental health and substance abuse) care call MBHP at 800.495.0086 (TTY: 617.790.4130 for people with partial or total hearing loss) 24 hours a day, 7 days a week.

Or, visit masspartnership.com.

HOW TO USE THIS DIRECTORY

What we list in this Directory

In this directory, for each provider we list:

- **Name**
- **Gender**
- **Specialty**
The field of medicine the provider practices.
- **Location**
Practice locations where the provider will see members.
- **Phone Number**
- **Hospital Affiliations**
A provider is allowed by the hospital to provide medical care there.
- **Medical Group Affiliations**
The name of a group practice to which a provider belongs.
- **Board Certification**
This means that the provider:
 - Graduated from a medical school
 - Completed residency (training in a hospital)
 - Trained in a specialty
 - Passed exams given by a medical board.
- **Acceptance of New Patients**
A provider agrees to provide care to a member that he or she has not seen before.
- **Languages Spoken by the Practitioner or Clinical Staff**
Office staff may not speak the same language as the provider.
- **Disabled Accessible**
Whether or not the office is accessible for people with a disability.
- **Office hours**
Office hours shown are those of the practice and not of the individual provider.

We provide a “Sample Listing” and “Hospital Affiliation Codes” at the end of this section. It will help you to read the provider listings.

Providers report all items in the listing to Health New England. We then check to make sure that what the provider reported is accurate and up to date. This is called credentialing. We do it when the provider first contracts with us (initial credentialing) and every two years after that (re-credentialing).

Some items in the listing may change sooner than every two years. This includes:

- Acceptance of new patients
- Languages spoken
- Office locations
- Office hours

Because these items can change more often, before you make an appointment you should check with the provider’s office or the provider listing on our website: behealthypartnership.org.

We check board certification through the American Board of Medical Specialties (<http://www.abms.org>).

Availability

- Please review this listing to see if your provider is In-Plan.
- Some providers may have age restrictions - like pediatrics. We will contact you about any problems with your PCP choice.

More about Massachusetts (MA) Providers

To find out more about a MA licensed doctor, please call Physicians Profiles at 781.876.8230 (toll free 800.377.0550 in MA only). You also can visit massmedboard.org. Physicians Profiles is a service of the MA Board of Registration in Medicine. It provides information on residency, education, languages spoken, etc.

BEHAVIORAL HEALTH (mental health & substance abuse) EMERGENCY SERVICES PROGRAM PROVIDERS

You may contact one of the providers listed on the following pages if you are having a behavioral health crisis/emergency. No referral is necessary in an emergency situation.

Services Provided by Emergency Services Program (ESP) Providers

Every Emergency Services Program (ESP) provider provides behavioral health crisis assessment, intervention and stabilization services, 24 hours per day/7 days per week/365 days per year.

How to Contact ESP Providers

The ESP Providers listed on the following pages are arranged first by region, for example Western Massachusetts. Within each region ESP Providers are arranged by area, for example Northampton and the Southern Pioneer Valley. The listing for each area includes the cities and towns in that area.

You can access all ESP service components and locations through the ESP's toll free numbers, 24 hours per day/7 days per week. The 24-hour access toll free number for each area is located in the shaded block for that area. Where applicable, local numbers for specific locations have also been provided. **It is recommended that individuals and families call the ESP's toll free number first, so the ESP can help them access the most appropriate services.**

For questions about your health care call BeHealthy Partnership's Member Services at 800.786.9999 (TTY: 711 for people with partial or total hearing loss), Monday to Friday from 8 a.m. to 6 p.m.

Or, visit behealthypartnership.org.

HOSPITALS IN NETWORK

Hospitals report all items in the listing to Health New England. We then check to make sure that what the hospital reported is accurate and up to date. This is called credentialing. We do it when the hospital first contracts with Health New England (initial credentialing) and every three years after that (re-credentialing).

The listings below show the hospital name and location. The location is the street, city, and state where the hospital can be found.

Accreditation

What is Accreditation?

It is a process for evaluating a hospital. An accrediting body reviews information about the hospital. The reviewers then decide if the hospital meets certain standards.

Who requests accreditation?

The hospital being reviewed has asked to be accredited.

Who conducts the accreditation review?

Non-government agencies conduct the review. The primary agencies are:

- JCAHO: The Joint Commission on Accreditation of Healthcare Organizations
- AOA: American Osteopathic Association
- CARF: Commission on Accreditation of Rehabilitation Facilities

Does Health New England validate the accreditation status of hospitals?

Yes, we validate the status of In-Plan hospitals. We do this on initial credentialing, then at least every three years.

- ✱ This symbol indicates that a hospital is accredited with The Joint Commission Gold Seal of Approval.

The hospitals listed on the next page are part of the BeHealthy Partnership network. Your provider should decide what hospital you go to if you need hospital care. All participating hospitals are open 24 hours a day, 7 days a week.

For questions about your health care call BeHealthy Partnership's Member Services at 800.786.9999 (TTY: 711 for people with partial or total hearing loss), Monday to Friday from 8 a.m. to 6 p.m.

The Office Hours listed reflect the business hours of the office. Provider availability at an office may vary. Please call the provider office to find out when your provider is at the office.

For questions about your health care call BeHealthy Partnership's Member Services at 800.786.9999 (TTY: 711 for people with partial or total hearing loss), Monday to Friday from 8 a.m. to 6 p.m.

Or, visit behealthypartnership.org.

For questions about your Behavioral Health (mental health and substance abuse) care call MBHP at 800.495.0086 (TTY: 617.790.4130 for people with partial or total hearing loss) 24 hours a day, 7 days a week.

Or, visit masspartnership.com.

A specialty provider is someone who is highly trained and certified to provide certain services that you may need. Examples include but are not limited to cardiovascular disease specialists (heart doctors), dermatology specialists (skin doctors) and general surgery specialists. It is important that your primary care provider (PCP) help you select a participating specialist when you need one. Referrals are not required, but it makes good sense to ask your PCP to coordinate any specialty care you need.

Behavioral Health (mental health and substance abuse) services range from outpatient/home services to inpatient programs. How to get services is explained below.

Diversionary

Crisis stabilization, day treatment, clinical stabilization services, community support services, and outpatient addiction programs.

Emergency:

Emergency services are available 24 hours a day, 7 days a week. For a list of behavioral health emergency services programs in Massachusetts, see the section in this directory titled “Behavioral Health (mental health & substance abuse) Emergency Services Program Providers.” You may contact one of these providers if you are having a behavioral health crisis/emergency. You may also call 911 or go to the nearest emergency room. No referral is necessary in an emergency situation.

Inpatient:

All inpatient behavioral health facilities are open 24 hours a day, 7 days a week. MassHealth requires you to be evaluated by an Emergency Services Program (ESP) provider before you can be admitted to an inpatient behavioral health facility. A list of statewide ESPs is in this directory in the section titled “Behavioral Health (mental health & substance abuse) Emergency Services Program Providers.”

Outpatient:

Talk to your primary care provider (PCP) if you think you should see a behavioral health provider. Or, you can self-refer to a BeHealthy Partnership behavioral health provider. Please see your BeHealthy Partnership Member Handbook for any prior authorization requirements. If you need help finding a behavioral health provider, call MBHP at 800.495.0086 (TTY: 617.790.4130 for people with partial or total hearing loss). All outpatient behavioral health providers offer 24 hour on-call coverage.

The BeHealthy PartnershipSM is an accountable care partnership plan made up of the Baystate Health Care Alliance and Health New England. As part of the BeHealthy Partnership, members get the support of a health care partner in their community. The goal of this partnership is to focus on the member's overall well-being and make sure they get high quality medical and mental health care through their local health center.
