III. HOW WE PROTECT YOUR PRIVACY

Health New England is committed to protecting your privacy. We keep members’ protected health information (PHI) confidential according to our policies and state and federal law, including the Health Insurance Portability and Accountability Act (HIPAA). Health New England’s Notice of Privacy Practices contains more detailed information about Health New England’s policies and practices regarding the collection, use, and disclosure of your PHI. It also explains your rights with respect to your PHI. You can request a complete copy of Health New England’s Notice of Privacy Practices by contacting Health New England Member Services.

How does Health New England protect my PHI?

Health New England has a detailed policy on confidentiality. This policy applies to all oral, written, and electronic information that we have about you. All Health New England employees are required to protect the confidentiality of your PHI. An employee may only access, use, or disclose your information when he or she has an appropriate reason to do so. Each employee or temporary employee must sign a statement that he or she has read and understands the policy. Once a year, Health New England sends a notice to employees to remind them of this policy. Any employee who violates the policy is subject to discipline and may be fired. You may request a copy of Health New England’s Privacy Policy from Health New England Member Services. Health New England also includes confidentiality provisions in all of its contracts with Plan Providers. Finally, Health New England maintains physical, electronic, and procedural safeguards to protect your information.

How does Health New England use and disclose my PHI?

HIPAA and other laws allow or require us to use or disclose your PHI for many different reasons. Health New England may use and disclose your information in connection with your treatment, the payment for your health care, and our health care operations, including our quality and utilization management activities. We also can disclose your information to providers and other health plans that have a relationship with you for their

treatment, payment and some limited health care operations. In addition, federal law allows or requires us to use or disclose your PHI to serve other purposes, such as for public health activities, or when we are required by law to disclose the information. We do not need your authorization for these purposes.

For other uses and disclosures of your information, we must get your written authorization. A written authorization request will specify the purpose of the requested disclosure, the persons or class of persons to whom the information may be given, and an expiration date for the authorization. If you do provide a written authorization, you generally have the right to revoke it. Refer to our complete Notice of Privacy Practices for more information about how we use and disclose information about you.

Can I get a copy of my medical records?

Health New England does not provide medical care. Members receive care and treatment from health care providers based in their own facilities. Under Massachusetts law, you have a right to obtain a copy of your medical records. To obtain a copy, contact your health care provider directly.

You also have the right to see and get a copy of some of the records that Health New England maintains, such as your enrollment, payment, claims, case or medical management records, and any other records that Health New England uses to make decisions about you. Requests for access to copies of these records must be in writing and sent to the Health New England Legal Department. Please provide us with the specific information we need to fulfill your request. We may charge a reasonable fee for the cost of producing and mailing the copies.

IV. HOW TO GET INFORMATION ABOUT YOUR PLAN

At Health New England, we continually review the coverage that we offer. We work with doctors, pharmacists, and other clinical professionals to compare emerging medical technology with the services we already cover. We also look for ways to improve and simplify how we administer covered services. As a result, from time to time we provide updates to your coverage, and we notify you, your employer, and our providers of these changes.

To obtain an updated copy of your BeHealthy Partnership Member Handbook or for the latest coverage information about your Plan, Health New England's contracted providers, or specific information about covered services, please call BeHealthy Partnership Member Services at (413) 788-0123 or (800) 786-9999 (TTY: 711), Monday through Friday, from 8 a.m. to 6 p.m. How can we help?
